**Subject:** Thursday's state/federal Ag WQ check in at ECY

Hi Dennis

Regarding the meeting Thursday afternoon, when I talked with Maia (very briefly – since she had to run to a call) and Teri North – the focus of this is Ag/WQ issues.

The meeting will be a roundtable discussion followed by a discussion of what the future of this group should be – should it continue to meet for two hours (and how frequently) – or perhaps do a monthly one hour call instead?

The state folks will be physically present at ECY for the meeting. In addition, both Roylene and Sherre Copeland will be coming in person. Others are calling in.

Here is the list of people they expect:

In person:

Maia Bellon

Mark Clark

Jeff Davis, DFW

Derek Sandison (and Patrick Capper)

Roylene-Rides-at-the-Door (and Sherre Copeland)

Lucy Edmondson

Calling in:

Mark Daly – Puget Sound Partnership

Will Stelle (they have not heard from Will yet so could be a no show though they don't expect that)

Given that this group has not met in a while and the overall plan for the call, I think it is ok for you to call in rather than drive down. I will be physically present. I would welcome you here if you decide to come.

Regarding the discussion of the future of the group – based on what I know so far, it seems that we want this group to continue to meet – at a minimum for information sharing. But it would be good if the group could identify a few issues that it wants to work on together (eg Ag practices to protect water quality). Figuring that out will dictate how often/format for future meetings.

## **Ex. 6 - Personal Privacy**

Dan thought you might like to mention the new “whatsupstream.com” program of the Swinomish Tribe – I will send you some information on that in my next email

Thanks

Lucy
